

RLP Newsletter

How can I help?

***I have to register my car to drive in Calif.**

***I get fined regularly in my club.**

***My club needs new members.**

***I need a tax deduction.**

If I, not only submit MY application, but also, make myself available to help make this Rotary License Plate project a success in California, me, my club and Rotary will benefit in all the years to come.

Every RLP application received:

My CLUB receives.....\$50

Each time that license is renewed:

My CLUB receives.....\$26

Since my family has more than one car, I can ask my wife, my kids, neighbors, my godson's parents, my employees, friends, prospective Rotarians, honorary Rotarians, spouses of deceased Rotarians....wow!

YES, I can help!

2398 RLP Applications are submitted.

Applications are still being received in the RLP mailbox daily.

Keep sending your RLP Applications in!

For our Rotary License Plates **ever to exist** we MUST Show **MORE ROTARY SUPPORT.**

www.ca-rotarylicenseplates.org

For more help, email Rlicenseplates@aol.com

California had inspired 17 other states and 7 countries to follow in our footsteps. Since they know Rotary needs these license plates, they are watching how California succeeds.

Companies are even submitting applications for their vehicles. This is their way of doing community service!

WITH OUR 2398 APPLICATIONS RECEIVED,
SHOULD THESE \$202,185 BE **RETURNED???**

Or can we all work together to get 2500 more applications submitted by March 15, 2003? This is NOT a hard thing to do. We just need each club to submit 3 more RLP applications. Is that too much to ask for what we would receive?
